

EMP P/N - 13751

Yamaha YXZ Hard Coated Cab Back/Dust Stopper
Fits: 2019 Yamaha YXZ

Installation Instructions:

Includes:

1. (1) Hard Coated Cab Back

Hardware Kit:

1. (7) Rubber Fast Strap (11651)
2. (4) 1/8" x 12" Long, Bubble Edge Trim
3. (2) 1/8" x 2" Long, Bubble Edge Trim
4. (1) EMP® Logo Decal

Tools Needed:

1. Phillips Screwdriver
2. 7/16" Wrench

NOTE: Once the protective film is removed, this item can not be returned. Check the fitment and make sure you will be happy with this product before removing the film. There are no exceptions.

Installation should be performed by a certified technician.

Installation:

1. Peel back the protective film around the slots and along the top and bottom edges. Just enough to install the rubber straps and edge trim.
 2. Using the screwdriver and wrench install the rubber straps to the polycarbonate. NOTE: The two top straps will go on the inside/front side and the remaining straps will go on the outside/back side of the polycarbonate.
- DO NOT TIGHTEN YET.**
3. Slide the edge trim over the top and bottom as shown in the picture.
 4. Slide the partially assembled cab back inside the buggy and against the back of the cage.
 5. Once you have it in the correct location tighten the screws on the Fast Straps.
 6. Remove the protective film.
 7. Enjoy your new EMP® product and visit our website for information on other accessories.
