2

## INSTALL POUCH

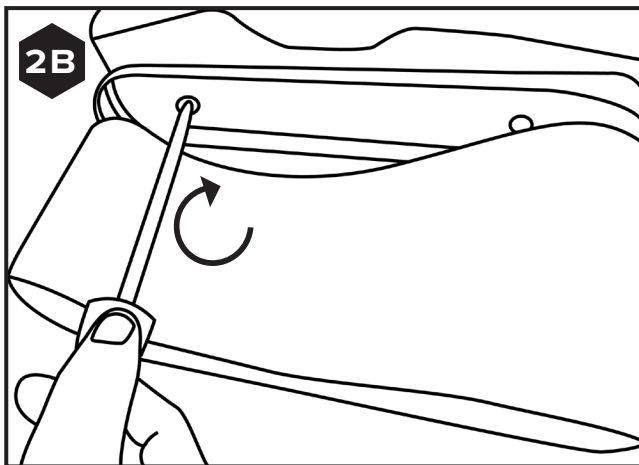

Grab your armrest pouch, open it and install it to your armrest pad using a Phillips screwdriver and the two ¼ - 20 X ¾" Phillips Screws removed in the previous step. [SEE FIGURES 2A – 2B]

**NOTE:** We recommend using thread locker on your screws to permanently install your pouch.

## WHY RAVEK

Stock UTVs don't come with enough storage, lighting, comfort, and protection. That's why we started RAVEK.

We live to design, manufacture, and test innovative SxS upgrades that elevate the riding experience. Here's what you can expect from us:

- Durable products built to last (100% lifetime guarantee)
- UTV upgrades thoughtfully designed & tested by riders
- Outstanding installation support (videos & USA customer service)
- Constant flow of epic riding content (check out our social media)

We're confident your RAVEK product will earn its place on your machine. Please call or e-mail us if we can help.

- Harry & Ricky (Brothers & Owners)

## MESSAGE FROM THE DESIGNER

When we create a new SxS upgrade, we always try to design the product from a rider's perspective to ensure it doesn't result in any compromises.

After we finished creating the armrest product line, we realized we needed to add a storage solution compatible with the armrests so riders and passengers could store their phone, wallet, keys, etc.

After several concepts and prototypes, I'm pumped about how these armrest pouches turned out. Easy-access, durable exterior, sleek design – these pouches do the job and look pretty sweet too.
